

CANADIAN FINALS RODEO TICKETS NOW ON SALE

September 23 2021 | Red Deer, AB – Tickets are now on sale for the 47th Canadian Finals Rodeo (CFR) November 3-7!
Fans can take in any or all of the 6 performances featuring the best rodeo contestants competing in the final event of the Canadian Professional Rodeo Association season.

There's a range of ticket prices so everyone can get in on the rodeo action, and in addition to the regular seating available at the Peavey Mart Centrum, rodeo fans can also choose to purchase premium seats. These cushioned seats are enclosed by privacy draping and provide exclusive bar service, giving CFR guests the opportunity to experience rodeo performances from a first-class vantage point.

The Restrictions Exemption Program, which requires either proof of COVID-19 vaccination or a negative PCR or rapid test, is in effect for all events at Westerner Park, including CFR. Requirement details can be found at [Westerner Park](#).

"It's exciting to plan for CFR again," stated Mike Olesen, Chief Executive Officer, Westerner Park. "The provincial government's Restrictions Exemption Program allows us to safely host all rodeo fans, up to Westerner Park's full capacity."

All major pro-rodeo events will take place at each performance including Bareback, Steer Wrestling, Team Roping, Saddle Bronc, Tie-Down Roping, Ladies Barrel Racing, and Bull Riding. Fans will also enjoy Junior Steer Riding, Novice Saddle and Bareback Riding and Breakaway Roping at select performances.

We hope to see everyone get in the CFR spirit and join the celebration by taking in all of the free onsite events each day, including a Cabaret with live music, Buckle Presentations, Contestant Hot-Stoves, Autograph Signings, a First-Class Tradeshow, and more. Parking is also free, allowing easy come-and-go access to Westerner Park and all of the dining and tourism activities in our Central Alberta area.

Individual performance tickets are now on sale at [Tickets Alberta](#).

Up-to-date information on all CFR activities can be found on [CFRRedDeer](#).
