- Any team entered in the Team Roping event at the CFR suffering disabling injury or illness to either partner during the time period of the CFR may be allowed to continue roping with a substitute partner chosen from among the following options:

(i) The non-injured/non-ill partner (the "original partner") may chose to add the next highest ranked contestant , who is not already participating in the CFR Team Roping in the same category of competitors as the injured or ill partner (i.e. header or heeler), who is financially eligible and competition eligible (as defined in the CFR Ground Rules); or

Due to consecutive runs and animals being loaded in the rough stock chutes this might not be possible. The following will also apply:

- (a) In the Riding Events for the second and subsequent go-rounds, the contestants will compete in the reverse order of the current official CPRA Standings each night. (i.e. If you are first in the standings before go-round one you will draw first and compete last if stock positioning in the chutes allows. If after go-round one, money is added to contestants standings and said contestant is in second position in the official CPRA Standings that contestant will draw second and compete second to last if stock positioning in chutes allows. This will continue through go-round 6).
- (b) Ladies Barrel Racing will be that of the number one in the Official CPRA Standings competing 1st and the 12th finalist competing 12th in go-round one.
