Deduct amount of the short-go money from the before mentioned total **(In the team roping, divide the answer by two (2) before continuing)**. Divide the remaining figure by five (5) and the answer will be the go-round. Twice (2) the answer will be the aggregate.
- iv. More than three (3) go-rounds with a finals and aggregate: Aggregate is three (3) times the go-round. Deduct amount of the short-go money from the before mentioned total **(In the team roping, divide the answer by two (2) before continuing)**. Divide the balance by the number of go-rounds plus three (3). The answer will be the go-rounds, and three (3) times the answer will be the aggregate.

Section V, A, 9, revise;

9. There will be a one (1) hour grace period after entry closing time and the event splits are obtained from the stock contractor and/or committee to allow contestants to change their preference, draw out, **split off events, or split a buddy group**. Contestants will not be permitted to enter during the designated grace period **or change the order of entry**.

Section VII B. 2 (g), revise;

- (g) If a rider makes two (2) honest attempts to get on a chute-fighting animal and is unable to do so a re-ride may be awarded. ~~If a contestant makes a third (3rd) attempt, that is the contestants animal. No further re-rides will be offered.~~

Section VII, B, 6, (a) i & i, a), revise;

- i. In the three (3) riding events (bareback, saddle bronc, and bull riding) one (1) re-ride animal for every ~~six (6)~~ **seven (7)** contestants in each performance and each slack session will be drawn in the prescribed manner:
 - a) When the stock contractor submits their stock list to CRES, they will submit the branded number of one more animal for every ~~six (6)~~ **seven (7)** contestants than is required to furnish each contestant in that performance or slack with an animal. When there are 18 or more contestants in a performance or slack, the stock contractor will submit four (4) more additional animals, or a number at the discretion of the event representative, than is required. Each stock contractor may feature a maximum of up to seventy percent (70%) of the animals in the draw, exempt from re-rides. Event representative has the ability to take undesired animal(s) off the feature list. The remaining animals will be put in a hopper and one (1) animal for every ~~six (6)~~ **seven (7)** contestants per performance or slack session will be drawn as the designated re-ride animal(s) for each specific performance or slack, or

Section VII, B, 6, (a), i., b), revise;

- b) If, after all drawn re-rides and turned out stock are used, more re-rides are needed, it will be the responsibility of the judges to draw re-rides from a pen **(Pen is defined as: more than one (1) animal)** of animals which represents the animals used in any given performance agreeable to the stock contractor. All re-ride stock should be available during or immediately following the performance in which the re-ride was granted.

Section VII, C, 11, new;

10. **All animals in a particular rodeo draw must be present at the rodeo. Judges are to inspect and confirm the animals are present unless the animal is injured.**

Section VII, F, 9, new;

9. **Using the three (3) judge system, in the case of a tie for last place in a short round, the back judge score will break a tie. If the tie is broken, the contestant with the higher score will place in the average and will advance to the short round. If the contestants are still tied, both or all tied contestants will advance to the short round unless otherwise stated in the ground rules.**

Section VIII, A, 11, revise;

11. During any performance, if an animal in the timed events escapes the chutes or pens before it is called for by the contestant, or if automatic barrier fails to work, the drawn ~~spare will be used. If no spare is drawn,~~ animal will be brought back.

Section VIII, A, 16, revise;

16. In the Tie Down Roping, Steer Wrestling, and Team Roping, if in the opinion of the line judge, the animal falls (Falls, is defined as: goes to knees or hocks) before it crosses the score line, the contestant shall be entitled to a rerun. ~~on the designated spare.~~ There will be no penalty added to the rerun if, in the opinion of the judge, the contestant ~~did not deliberately beat the barrier~~ **broke the barrier due to animal falling. If the judge believes the contestant would have broke the barrier whether the animal fell or not, no rerun will be given.**

CPRN - Rodeo Business

Section VIII, A, 16, (a) & i, new;

- (a) **In the Tie Down Roping, Steer Wrestling, and Team Roping in the opinion of the line judge the animal turns between the chute and the score line, or ducks back into the box and doesn't allow the competitor to compete, a rerun will be rewarded on the designated spare.**
- i. The animal will be removed from the draw for life and the contractor may be fined two hundred and fifty dollars (\$250).**

Section VIII, A, 19, remove;

~~19. - All contestants are required to make an honest effort at all times when competing. Failure to do so will result in a one hundred dollar (\$100) fine.~~

Section VIII, A, 19, new;

- 19. Anytime a rerun is awarded, the rerun will be ran at the discretion of the judge(s).**

Section VIII, A, 20, new;

- 20. Anytime a spare is awarded, the initial animal is taken out of the draw.**

Section VIII, B, 1, (g), revise;

- (g) In the timed events, ~~any time a rerun is awarded the spare animal will be used. The~~ **the** spare animals will be drawn in the following manner: In all performances two (2) spares will be drawn for and designated as spares one (1) and two (2). In the slack when a complete run on the livestock is drawn, spares will be designated and used as follows: The last steer drawn will be spare one (1); the second last spare drawn will be spare two (2) and so on. If either of these spares are used, the contestant who ~~has~~ **was** drawn the last steer will now have a redraw from the entire herd on the next run of cattle. In the slack when a complete run on the cattle is not completed and spares can be drawn, two (2) spares will be drawn and used in that order as required.

Section VIII, B, 1, (h) & (h) i - ii, revise;

- (h) Any time a contestant is awarded a rerun due to being fouled by neck rope, barrier or other reasons that deem a rerun, ~~contestant will be awarded the spare and~~ the following will apply:
- i. If contestant broke out on initial run, they will get the drawn spare animal back lap and tap plus the barrier penalty that was incurred on the initial run.
- ii. If no barrier penalty was incurred on initial run, contestant will get the drawn spare animal back and barrier will be used.

Section VIII, B, 1, (h), iii., b); remove;

- ~~b) However, a contestant (tie down roper, steer wrestler, hazer, header or heeler) must give the animal fair and honest start (the appropriate move at that rodeo). The contestant cannot purposely ride by the animal with the intent to stop or set up the animal before the score line.~~

Section VIII, B, 3, (c), revise;

- (c) If automatic barrier fails to work and official time has not started, contestant will get a rerun on the drawn ~~spare~~ animal if a qualified run is made.

Section VIII, E, 5 remove;

- ~~5. Steer wrestler is required to turn steer's head so he can get up upon completion of run.~~

Section IX, B, 3, (a), remove;

- ~~(a) If any distances should be changed and discovered before the end of the performance, a rerun must be held immediately following the performance using the correct measurements. If not corrected, split monies must be paid.~~

Section IX, D 1 - 5, new;

- 1. Reruns would not be given on an individual basis due to ground conditions. If ground conditions are such that a rerun would be granted, barrel race should be stopped and all contestants in section(s) declared by judges granted a rerun when ground conditions are corrected. A section is defined as the maximum number of contestants in a performance or any number of contestants in a rake. Each contestant shall have the option to rerun or keep her recorded time. No penalties will be carried over to the rerun. The secretary, judge(s) and all other officials shall try to notify contestants of the rerun. However, lack of notification shall not be the grounds to change the results.**
- (a) **When a rerun is given, the time will be set by the judge and the section will run in the order originally drawn, with a thirty (30) minute time span if the contestant so desires.**
- (b) **If electric eye and back-up times are missed, a contestant shall be granted a rerun per Section IX, D, 1, (a) with no penalties assessed.**
- 2. Should, for any reason, the barrels not be placed on the markers or the electric eye or the flagman not be in the correct place, things must be put in correct order and all contestants who ran on the incorrect course must be rerun with no penalties assessed. However, if it is to the contestant's disadvantage (in the arena), then she shall be allowed to choose whether to rerun or take her original time.**
- (a) **Judge(s) must make decision that the barrels were not on marker. Should this happen, contestants and judge(s) should be notified, then judge and/or arena director will set the time for rerun.**

- (b) In the event a barrel is off the marker or the timer or flag man in not the proper position and ALL contestants cannot be notified, and ground conditions cannot be corrected and a rerun given, the rodeo will be paid off using the day money system in order not to sacrifice money won at that rodeo.
- 3. If a contestant feels she has been fouled during a competition run, she must immediately declare herself to the judge(s) (i.e., pull up and stop your horse) for the option for a rerun. This does not apply to unsafe ground conditions.
- 4. When a rerun is required for any reason, there shall be a delay of thirty (30) minutes, if the contestant so desires.
- 5. Penalties assessed will not be carried over to rerun.

Section XI, I, 2, revise;

- 2. Bucking stock must be in an approved CPRA Rodeo draw three (3) times to qualify to be eligible to compete at the CFR. **Re-rides do not count for CFR trips unless the animal is used in the rodeo draw. Animals turned out will count as a trip.**
